

In September, the Mapperley & Arnold ROTARY CLUB were proud to have raised over £2,500, helping to support this year's nominated charity.

The Annual Golf-Day at the Mapperley Golf Club

Supporting

The "MY BAG" Charity

Easing the stress for a Young Child, going into FOSTER CARE

A Message from the Rotary Club President

The Rotary Club is most grateful to all of the teams for their participation in our annual Golf-Day event, helping to raise valuable funds towards.

The 'MY BAG' Charity

... helping Foster-Children who often turn up to an unfamiliar environment and meeting total strangers with little or no possessions and anything they do have is in bin liners. This can have an enormous impact on a child's pride, self-esteem, dignity and confidence and the aim of 'My Bag' is to offer a little comfort during this harrowing time.

I sincerely hope that every team participating in the event enjoyed their day and would like to think that my club can count on the same support once again for a future event planned for 2020.

Whilst the Rotary Club respects the help and support given by our Members, we must express our most grateful thanks to the MAPPERLEY GOLF CLUB for allowing us the use of their course for the day and to the following generous sponsors, listed below:

The weather was also very kind to us with not a drop of rain all day.

All in all, an extremely successful event and between us we raised in excess of £2,500, a truly magnificent sum !

Our motto is 'Choosing Charities with Care' This year's charity being no exception, I will personally ensure that the money raised for my beneficiary 'The 'MY BAG' charity, is used for the benefit of the cause for which it is intended. - Everyone's support was greatly appreciated.

Thank you.

Neil Stevenson - Rotary President 2019/2020
